Griever92Demolition manspreegemWTF did I do? And why are you all calling me an idiot? I never created this topic either, I said I have an aimbot on my site, then in small print, I wrote that it links to one of those pages thaqt says you are an idiot, or maybe I should get Wilost0rms aimbot, and link to a download of that.I made a type big deal. :rolleyes: You could have noticed that i replyed to Griever92 he is the idiot now get over it. :rolleyes:

The only idiots i see in this topic r the ones who actually hack. Everyone thinks these r cheats, but cheats r things built into the game, not external programs. Hacks r external programs in this case.

Nothing beats a good ol' Hand, Mouse and Eyes
If you cant learn how to use those, maybe u shouldnt be playing Renegadei think even after not playing for months that i will still 0wn you. Only i need to get a new vid card to run this game. :rolleyes:
