A stealth is still a great tank, Ack is just saying that anyone who knows how to properly use a Mammoth can trash a stealth easily. I once destroyed 2 stealth tanks that ambushed me with a medium tank. Those two drivers displayed exactly how not to drive a stealth tank. I've trashed multiple medium tanks with a stealth as well. It's all in the skill of the driver. [February 03, 2003, 21:00: Message edited by: NeoSaber]
