They are killed at about average ease, their rockets are nothing special, they are perfectly visible unless a) you are blind or b) they're right up against snow or a blue sky. Their range is medium, and they're useless close up (as you can very easily see the shimmer).Are there any strategies with Stealths that make them less useless?N00bHe is asking for TIPS, not negative comments....Stealth Tank is also good for hit-and-run tactics... just stay behind the enemy and dont get too close, as they say.... and be a technician to repair damages.... Sydney(PIC) is very dangerous, it takes 5 shots to destroy it... so take caution... Their missiles are POWERFUL! the stealth tank's missiles can even arc over some obstacles! But sometimes they are inaccurate when the terrain is uneven....
