im just wondering what are other peoples takes on "good places" to place a building. list 1 building and a place u think is a "good spot" for a beacon to be placed, feel free to list as many building as u like. (u dont have to say how u got it there)WF(fly)----the beveled edge that runs along the top farthest from the stairsAir(fly)---middle layer jump inside the window and place on inner ledge next to stairs where u jumped in at
