I agree with most of your suggestions - but this one: "-Can't see the stealth units?... get skins which allow you to see the glow from the stealth unit when it get's hit from frendly fire or enemy fire... a neon blue hue works best as this will allow you to see it in both lit and unlit spaces on maps"I would consider this a cheat and a bannable offense. If you muck with the way stealths appear - why even have them?other than that - good points.
