quote:Originally posted by KIRBY098:Not true. I respect your skills, but merely disagree with your methods. I agree, everyone finds their own methods of becoming a good sniper. Besides, I think it'd be boring if everyone used the same tactics and ****. I've already developed quite good skills at snipers, I can own most people on Renegade now (there are few that blow me away, but hey, no one's the 'ultimate' sniper). I wish I had at least a cable modem so I could see the people not teleporting around, it makes it a little difficult to hit people sometimes.
