A few days ago i was a black hand (not the stealth one)on the city_flying ,and being cocky just to get the nOObs ****ed off.I was fighting a nOOB in a orca and i was playing hide and go seek while making fun of his aim.He was "****ed off" at me for making fun of his aim.So he got out of the orca and started to shoot maddly all over the place.So i sneaked slowly to the orca,i got into the orca.He didnt even know that i was in the stinken orca.I said (while being cocky)to the idiot,Look behind you and he did,then he said thats mine get out or something like that. then i shot him.
