In many games, I spend 3/4 of the game just being a hottie or Techie. Therefore, I have whatever cash the harvy brings, and what i make repairing. So, in the last 10 mins, I have the most money of all my teammates. So, then i buy free tanks for my team. I say: "Free med first one there its yours" or "FREE MRLS MY TREAT" etc,..Why does everybody only buy tanks for theirselves? I love buying tanks for my teammates! Is this a good strat or am i wasting my money?Oh, and I often buy a PIC Sydney and just shoot tanks the whole game and then buy more tanks for my team. Good maps to use this strat: Mesa, Hourglass, Field, Under and City_Flying. So, the question comes down to:Should I buy tanks for my teammates, the time I do it most is when our Ref is gone and i have lots of repairing money. Should I save it for me, buy tanks for me, or buy tanks for team?? Thanks for the help, I just want to ask. If youve played with me every now and then, you should know what im talking about.. . . What do you guys think?
