A GDI Mobius can get into the Nod base (FROM *EITHER* TUNNEL), destroy the refinery or obelisk, and go back to the GDI base without dying. The obelisk or refinery can also be destroyed by a Hotwire from the refinery tunnel. Nod can destroy the GDI Refinery by jumping over the wall (requires 2 Nod ppl). Nod can also run out of the AGT tunnel when the harvester is going by and get into the AGT alive. A chemwarrior can destroy a building with his timed c4 plus all his ammo. A Mobius/mendoza can destroy a building with just their 400 ammo. This is old news to most people. I know there are other methods, Im talking about non-nuke methods.
