First of all, you need 3 timed c4s to destroy a harvester. It has 1000 (500/500) hit points, like any building. So 1 hotwire/engy+soldier/2 engys would be enough to get rid of it. One more thing... On what server(s) do you play? I have never seen morons trying to destroy the harvester with auto rifle. Usually ppl lay their c4 on it, before they start shooting at harvy (just in order to get some points).
