quote:Originally posted by Pajama Sam:orcas aint fun to flys apaches, its not fun flyin, it just aint.. Well, I partially agree. It's more fun to shoot them down. But then again, if you're in a hurry or just impatient, you can attack the enemy base quickly. Also if you played about 200 games with tanks/infantry only, it is much less boring to use aircraft, as opposed to more tanks/infantry.
