Destroyed the hand of nod with c4. Destroyed the tiberium refinery. Then i go to the enemy with my heli and beacon. Placed it on top of the powerplant. Got back in the heli and shot the airstrip. Pp destroyed. Only the airstrip was left with only one line health. I did this so quickly that i felt sorrow for them so i got back and didn't destroy the airstrip. All this in 6 minutes wall map with 8 people. Problem I lost. LOL
