quote:Originally posted by NonameXK5:Before you go playing on mp first you should:1:Beat the skirmish game atleast 12 times and learn the controls and vice commands.2:Be nice to other people don't get into some one's tank unless he lets especially if he is repairing it or hes the host and you tick him off.3:Go to forums and read up on Tactics and Strategies,(if there are any).4:Atleast play throught the 5th mission in sp so you get better.5 on't go on the web and flame people who are talking about something you don't know about.^th and final:Always and I mean always listen to the host's rules,notices,andclan tryouts,cause if you get on a game and i'm the host and treat me like a ragmop I will beat you down then ban you from my game before your last building goes.I hope this helps the bad (mean) noob's. No they don't. One only really needs to beat the practise once with each side and get to mission 3. And of course listening to people and not flaming them is always good.
