I was playing City lastnight. I said "GDI will rush the HON or PP", later I noticed a Humvee and stated "GDI are going for the HON" no one reached it in time to stop it, I was too busy trying to avoid a Havoc. The PP went just two minutes later. What does any of this have to do with the topic, I dont know....But have you noticed PP rushes are becoming rare on CITY now the opening attack is always a Humvee or Buggy rush on the War Fac or HON.
