Is it just me.. Or do you always end up being on the worst team you can ever imaginec when you autojoin? It's a conspiracy.. if you have a rank under 7500 I swear WW has something in the game that puts you on the team with eveyrone that has 30,000+ and has never played an FPS befor, or renegade. I'm tired of getting the highest score in the game, but only 0 points on the ladder. You should still get some points if you do really good and loose. Renegade is a team game, so if you're one of the best there is and they suck, you loose. So it makes it not a team game.. makes it a 'which team has the most good people wins' game. The ladder is really ***... Theres alot of games were I'm the best there.. but my teammates all have the lowest score, so it's like:yellowredredredredredredredyellowyellowyellowyellowIt annoys the hell out of me.. and I still get 0 points.
