I had a light tank all the way from the beginning of a game on field once, i had loads of points, and was the best player in the game! I was soooo proud of my beautiful light tank, it had killed many tanks and in the last few minutes of the game i was in a tank battle and was knocked down to red, so i went in to reverse to repair my beautiful lighty! And what happened? Some n00b in a buggy was right behind me and wouldn't let me past. My light tank was destroyed and i was upset! I shut down my comp and stayed in my room for 3 weeks.
