i just had a funny story recently. i nuked the warfactory, then got a crate, w/ a refil, so i went back and and nuked refinary, then went back to base/getting cash for buildings ddestroryed, so i bought another, and got 4 buildings down, when allw as left was the barax, so i found a sniper rifle spawn, and climed the sky scr@per and shot the ppl dancing on the roof of rax, then some1 nuked the top, while i covered it... i was MVP too...
