hey, maybe that was you putting c4s on me in a game the other night. i was an engie repairing one of the buildings at the mt when another engie starts throwing remote c4s on me, buying 2 more, doing it again, etc. but he never said what he wanted me to do. anyway, i finally decided to go outside and find a target to get next to. he blew the c4s and some poor enemy inf bit the dust. very funny. lol...
