Sometimes I like the Mammy camp because it can rack up a lot more points than a rush. I love getting 6000 points on the Field Map by camping and pounding the Hand of Nod (while they've got several Techs repairing it). This is a great way to rack up points for the team, and for yourself. It can be a little boring, and I guess it's sort of selfish, but it can be fun also. And, in my experience, NOD has never overcome a good Mammy camp, so there's usually no fear of losing the game.
