im a defensive player, but i know ll the tricks to all the maps, and when i see the oportunity ill go take out a building ASAPasking for ppl to come along is usually useless, i generally get some n00b that plants c4 on the building, insted of the mct, or i just wait too long and by the time im ready to go, the stage is ull of enemy tanksso i just go on my lonesome and take out a building or 2, every stage, ive blown more buildings then the us air force
