Hi and thanks! Is the captain I need is the Nod captain (the one right up to the top of the ship), or is there another one (like AzWhoopin said the one in the cell)? There are 3 prisoners and don't tell

killed him ages ago (coz he pointed his gun on me and I don't like that!!!). Lastly, about lenchmob's post... well I remember I did sneak through a door after a Nod came out coz I can't find that stupid key! I need more help, please (I don't want to start the level again)
