yea i noticed that, or how your in a vehicle and 2 tanks are behind you blocking you in and your getting blown to hell, and they dont move and you die?Heh, talk about tacticsor how your right in fornt of an engineer and they heal the other guy instead of you, and when there done they forget about you and run off? Or worse... some engineers dont even care![March 25, 2002: Message edited by: The ICE]
