Stop complaining, please. It took me long hours to beat it, but it was worth it. =/...Buuuuut, if you're too lazy to do this, follow these instructions to SKIP the level: 1. Select "load game". 2. Load "M00_Tutorial" or whatever; usually at the bottom. 3. play the tutorial. 4. when you finish, you move on to the next mission. I don't know why, you just do. That's what I did by mistake because I was bored, and I went to the next mission! Odd...(As Brian Fellows): It's CRAZY!
