I died a couple times...well, 6, but the 7th time was easy. I just made sure I was all 100\% and got the laser chain gun out. Once the movie played I unloaded on the stealths just strafing around the center column where the health/armour is. Took out the stealths then switch to the PIC and took out Petrova in a matter of about a minute. When she finally died I had full health and had armour.
