Yeah, spawn camping in this game seems perfectly legitamate in this game. If an enemy can camp out long enough in a structure to kill off that many folks, you've already lost the game. That and the fact that there are a number of differnt spawn points in the game. I've ceratinly been picked off and spawned somewhere else, went back, and got sweet revenge!!!The only thing better than being a spawn camper is handing one his own ***! (note: I put in my own asterisk's...just beat the **** board at it's own game...oh, wait, forgot I couldn't say ****).
