I was playing last night as a Techie/Hotwire and really enjoyed it.I was healing people,repairing tanks/buildings,planting mines (my fav).We were on City (I think) and I placed a couple of mines in each of the doorways exiting the buildings facing our base.While I was repairing a building,I heard a "Boom..Boink" and saw "XXX was killed by Major Deadly"LOL..One question though,Do I use the repair gun to disarm the Ion Beacon/Nuke Strike Beacon?Just in case the enemy gets to place one.Thanks,Major
