Patch ownz, as dude said... I have iced many peeps.. get tunnel defense against high \$\$ rushes.. rate of fire.. aim for head.. quickly dispatches anything coming down..on under he is brutal, on other maps he tends to be a little less effective, but I think what you are all missing is that EVERY class has good strats, sometimes the Chain Blackhand is exactly what you need in a squad for example, not for effect, but for fear, 2 or 3 backing up a vehicle assault scares the crap out of GDI, good for mowing down engies 2.
