Unless you have a bad team or a good enemy that adapts to you pretty quick.No...not mad I just believe that snipers should be more,, team players...rather than lone-wolf type.. and Im tired of hearing how good these snipes think they are...do they ever take on 2 stealth tanks..plus a enemy sniper at the same time...no...I have with only my rocket launcher..pushing them back..and most of the time destroying atleast one tank and damageing the sniper and other tank..(as an example)..
