**** happens. today i got in a game (C&C_Walls) and there were 10 minutes left, and like $1000 starting funds. I bought a PIC Sydney and racked up 23 kills in one life (with trips back to reload offcourse). There were atleast 3 snipers on the enemy walls, who could easily have got me. Then there were a few tank drivers that shot minigunners instead of me. I felt sorry for the other team, and i felt sorry for my boink sound. its corrupted now   nah, i use Homer Simpson with D'Oh!
