GET YOUR OWN \*\*\*\* TANK!!! Obviously your name speaks for state of mind. Do you realize how long it takes for ordinary infantry to WALK out into the battlefield. These are people that just want to hitch a ride. Whenever I get buy vehicle I always look around to see if there's people looking for a lift. If you forgot it's a 'TEAMGAME' and helping to quickly field out friendly units actually HELP your team. However it's perfectly understandable a person of your intellgence gets so frustrated at the obvious motives of your teammates. Some people just don't understand how to work as a team. Why bother playing the game anyway?
