Someone was trying to rush the AGT once with a stalth tank by sneaking behind the harvester, and he did. He jumped out and went in, but I was havoc so I killed him with one shoot. Then I saw my teammates shooting at the ST so I quickly jumped in, but still they shot at me for like at least 1 minute! Then finally some engineer realized it and repaired me. If I diddn't get in that stealth tank in time, they've probably destoryed it.
