i agree with ADM on one thing, theyre both the same... 1 shot kills HOWEVER if your a good sniper use hav/sakura. i know that sounds the wrong way round, but if your good you wont die very often. for example when i snipe i die maybe 4-5 times in an hourbut the best thing about the havoc/sakura is the blue bullet, because it lets people know where u are.the more ppl know where you are, the more come after you.... and the more kills i get
