hrm, about 4 shots with the regular sniper guy will take out a buggy/humvee... and about 10-12 shots will take out a Nod artillery...I'm not sure, but I think the ramjet rifle can go through enemies... coz I got a great shot once, and fire one shot, hit one guy in the head, and the guy behind him died as well (ie, two heads were lined up, suckers)two boinks... although I've never had the opportunity to try it again... bah
