I exported my map as a \*.mix and all the terrain is missing, other temp presets are showing, but not that one, anyone know what I did wrong? It works correctly as a \*.pkg (sp?) what did I miss? Oh, and anyone want to beta a map? PM or e-mail me, [starcitsura@shaw.ca](mailto:starcitsura@shaw.ca) [ February 24, 2003, 17:17: Message edited by: Cpo64 ]
