Because something wasn't given to you and you want it, that means it was supposed to be given out to everyone?Do you ever read? When I was given the maps, the Mutant Lab was a part of it. When I was given the maps, I was instructed that I would have all the models and such given only to me, because they said I was the most dedicated to this game.So stop whining about it and stop trying to justify thievery. I reiterate: Because you want something doesn't mean it was meant to be shared.
