quote:Originally posted by Beanyhead:Why not make a CTF version aswell? It wouldnt suit a CTF properly methinks.But my other DM in the makes I have decided to turn into a CTF. It is called C&C\_CTF\_HighNoonIm not sure if I will stick with HighNoon as the name but its a pretty sick wild west town map that looks pretty promising right now. Look forward to that. So next release from me will be that, a CNC mode map or my special "Infiltration mode" map set around a Area 51 type situation.
