How come good maps like Conquest Island and others are not in it? I would rather play 3 good maps each week than to play 6 bad maps+1 good. I know its supposed to be different each week or some ****, and I like MMN very much, but we needs a few good maps in every time. I did like Deadmans canyon, and Caverns, DMcenter and Carnage club a little. I say keep sticking with good maps and then have a vote or something if you want to replace one or add a map.
