idea. You're totally lame, beyond a shadow of a doubt. You really don't stop do ya? My website is for Faqs/Tutorials. Dante's is for exchange between models, videos, etc....It's the same \*\*\*\* idea, you moron. No matter how you rationalize it, you're a \*\*\*\*ing idea thief, model thief, tutorial thief... I'm surprised you haven't stolen yourself a life yet. Maybe it's because I have one? Plus, I have Dante's authorization to keep this website up "legally" until his ModX is up again. In another few words, I didn't steal his idea. Congrats, you moron, you have been owned. Well, instead of stating that specifically like you should have... You bring it up now. You're still a lying thief, so just get used to it.
