on MSN or contact me on ICQ: 163808962 .He can't send it to you, fool. That would violate the  
EULA we signed back when we were still beta testing the game.I don't think EA would care a less  
anymore, the full game was released months ago and the only reason you don't want him to send  
it to me is because I would get some credit for it. Just bugger off.I still think it would be \*\*\*\*ing  
retarded not to ask.
