DeafWasp, I have no clue why you hate Allgusto. i don't hate anyone, but why does everyone hate each other for such stupid things... like " He Stole something " or "everything you make sucks" or "You make promises you can't keep." All the Mod groups, mostly Renegade Alert anyway, are trying to keep this game alive! but some of you aren't really doing anything but make fun of others peoples work, like mine . Also, Don't try to fight ACK, he always wins.
