Hey there. Is there a way for me to give Nod units to the GDI side without making a mod??  Could i just edit one of the .ini files or something? This is something that has been troubling me for quite a while now.  And also How would i go about giving the GDI a flame thrower and a Laser Chain Gun??  That is something i would really like to be able to do... just not sure how to yet.  If any 1 could help me i would greatly appreciate it.  Thanks
