"if you haven't finished anything... don't offer to help" I've been here since before the tools we're released. Never had the urge to post until ack & buzz severly ticked me off with all their antics and westwood sat around laughing and did nothing. ack admitted this remember?But just because I refuse to release anything here doesn't mean I dont know didly. You Dante are the one attracting people here. Your people skills are superb. Instead of saying "That's not possible" you offer alternatives. IMO you have given us more than ack ever could. I'm gettin off on a rant so i'll stop, but facts are facts. [this was alot longer, had to chop it up cuz we all know what happens to people's post when they go up against ack & westwood.]
