----- I wanna let you know that I'm planing to start a new conversion mod for Generals.I know, the game is not released yet, but I wanna be ready.The mod name is Generals Dawn.It's based on the first command and conquer (Tiberian Dawn).To many people, Tiberian Dawn has been the best command and conquer,Generals is the best opportunity to show that it still rocks.To me , only convert the game to a sort of '3D TD' is'nt enough, so it will be updated to the Generals way, with a new side,maps, gameplay,generals and super weapon and also Renegade stuff!Like Dead-6 and many others.You guys will have the chance to experience the best.Only me in the team is'nt enough to do everything,so I need a team.I need:A co-leader (a community MPT VIP if possible)A home ( a popular or really nice looking community site)10 VIP beta testers (hehehe)2 mappers (experienced)2 modders (could be the mappers)1 or 2 skimmers (experienced again)1 or two coder (1 but if he needs assistance, can ask another one)1 experienced graphic designer1 Bot maker (dante )Since I wanna be part of the team I'll be working at mapping and modding, maybe coding too.If you wanna be part of this team or wanna host us email me at [aprime1gs@hotmail.com](mailto:aprime1gs@hotmail.com) To anyone at PCNC or gamespy, a chat would be awesome Thanks!I hope that I'll be flooded of application.PS:to the RA->Generals mod guys , this is'nt competition To Jbvar andto any awesome modellers
