i have a thing im working on..... its kind of a mod. nothign the scale of RenAlert, but really neat. i dont want to come out with lame halfcoked visions of half-assed teams/ i just need one partner to help me with it. If anyone is interested let me know. Most of it would just involve creating new presets and stuff, modifiying them and etc.let me know....slug.wollop@verizon.netmsn: slugwollop@hotmail.comaim: carlwwjd
