Version 1.035 changes (10-31-2002)===== - Users Sitting idle at team selection screen for too long will now be kicked.- Being kicked three times in a row results in a ban(WOL mode).- New 'allow' console command to remove a WOL ban.- Map rotation limit now set to 100.- Added new flying multiplayer map Glacier.- Servers running maps that the client doesn't have now show up in the game list.Aren't you happy? Thanks to everyone who made this possible! Greg Hjelstrom, Dante, Blazer, Crimson, and last of all and least of all, myself.Enjoy! Look forward to massive Glacier Flying games!
