Taking advice on to make new textures, heres what I've come up with so far for the power plant I made. I went with the ingame color scheme instead of the render theme. Have a look and tell me what you think! Ingame TS power plant

model:<http://www.renegademods.info/users/Triforce/gtpowr.jpg> My model with Renegade

textures:http://www.renegademods.info/users/Triforce/GDI_PP_Tex2.jpg My Model with new

textures:<http://www.renegademods.info/users/Triforce/Pwrnewtex.jpg> You can see I left some of the ren textures still on, I don't think I'll change every one, But I still need to make a new GDI logo and turbine texture. I only recolored one texture, and that was the cement. Triforce
