quote:Originally posted by TestGun:Would you say that this is the best map that you made so far, even though it was started by Westwood i still think it is your best. or do you have other maps up your sleve?It was started by Westwood, but I chose all the extra stuff to go in.I did the texturing, alignment fixes, blending, objects, and about everything else except for the very base mesh itself. Glacier was totally unfinished. Not a single texture was on the base mesh of the map.
