HOW TO MAKE A C&C MODE MAP I've added a few links to a couple other great tutorials! I hope the authors don't mind.

If you have a question, most likely you'll find an answer there. There you will find a tutorial for anyone! It goes from start to finish (through RenX and the Commando Editor) on making a good C&C Mode Map. I might make a more advanced one for making terrain, but we'll see.
