Thanx for answering my 2nd texture problem. The first one should be all I need I think but most of the pics won't show instead I get that red x in the square and show picture isn't appearing on the right click menu. As for the texture not showing in gmax I placed all my textures in C:\gmax\gamepacks\Westwood\RenX\texturesand the terrain inC:\gmax\gamepacks\Westwood\RenX\Scenes
