I came back half a hour ago or so. That movie was good! Very cool and good, and it revelaed so much!Suddenly i understood EVERYTHING (almost, at least). Why palpatin did what he did/does, who he is, that he IS evil (no doubt anymore) and much more and bla, bla, bla. (SPOILER:) Got so surprised when i saw the plans for the Death Star, i was just startled. I still understand more, ten minutes or so i just stood washing my hands and suddenly exclaimed "AHA!" when i understood yet another thing. That movie was so good, i just wish i had paid more attention and just watched instead of trying to figure it out and come to conlcusion while the movie was running.
    That movie can be summarised in one word; "Wow!"   [June 22, 2002, 12:41: Message edited by: brutus]
